

Garden Field Trips for Kids!

Community Roots Garden offers hands-on learning experiences for kids of all ages.

Activities include:

- Planting and harvesting seasonal vegetables and fruits.
- Learning about community gardens, care for the environment, and the value of community service.
- A taste-testing tour of the garden.
- Discovering culinary and medicinal herbs in our new herb garden.
- Making compost with worms!

The fieldtrips cost \$5 per student. Kids should bring water, and wear a hat, sunscreen, and sturdy shoes.
